MOUNTAINEERING DAY-TRIP EQUIPMENT LIST

Basic personal equipment
□ Boots: Mountaineering boots, or sturdy backpacking boots. Plastic mountaineering boots are acceptable but heavier.
□ Crampons: General mountaineering crampons. Ensure they are adjusted properly to your boots before the trip.
☐ Backpack: An internal frame backpack with a capacity of 30-60 litres will allow you to carry all your gear.
□ Outerwear jacket: An outer layer waterproof/breathable shell with hood (Gore-tex, etc.). Non-insulated is best.
□ Outerwear pants: waterproof/breathable shell, non-insulated. Full zips are ideal for venting and ease of on/off with boots on
□ Personal clothing layers: layering works well, no cotton. Below is a suggested guideline, personal preference will affect choices.
- Base layer for top and bottom (1 each)
- mid-weight softshell climbing pants (Arcteryx Gamma, MEC Ferrata, etc)
- lightweight sweater/mid layer for top
- Insulated jacket with hood, synthetic or down. Weight depends on temperatures and weather conditions
□ Gloves: warm mountaineering or ski gloves with removable liners.
☐ Gaiters: ensure they fit over your mountaineering boots
□ Toque/warm hat: wool or fleece
☐ Hat with sun visor: baseball cap, etc.
□ Sunglasses: must have 100% UV blockage and ideally provide full protection with wrap-around style, or side shields
□ Ski goggles: optional, useful if there is a snowstorm or very windy, depends on weather conditions
☐ Headlamp: small size with extra batteries
□ Water bottle/hydration system: 1 litre minimum, 2 litres is ideal. For hydration/hose systems use insulated hoses to reduce freezing
□ Small thermos: optional, but very nice to have a hot drink during the field day!
□ Compass & map: pack maps in waterproof bag. Contact your Guide/CWMS Office for map # in advance
☐ Knife: Small folding style knife or multi-tool
□ Sunscreen: Minimum 30 spf
☐ Insect repellant: optional, depends on season
□ Note pad and pencil: optional
☐ Hiking pole(s): Optional yet useful for the approach and descent to/from the course area
Technical Equipment - Please let your Guide/CWMS office know in advance if you require any of the following:
☐ Ice Axe: General Mountaineering ax 60-70 cms length
□ Climbing seat harness: CE approved climbing harness
□ Climbing Helmets: CE approved climbing helmet
□ Carabiners: 3 locking and 2 non-locking
□ Belay device (1): ideally a device that can be used for descending and belaying such as a Black Diamond "ATC"
\Box 7mm accessory climbing cord: 2 x 5 metre length, and 1 x 1.75 metre length; used for rope rescue and personal climbing systems
□ Sewn webbing climbing sling (120 cm, full strength of 20+ kN's): Used for personal climbing systems and anchors
Please discuss this list with your Guide/Instructor, or with our office staff in advance, to make sure you are prepared for the field session.

If you need to purchase or rent equipment, make sure to contact stores well in advance to ensure that what you require is available!
